LIAM D HALL

Mobile: +44 (0) 7367 583649   **Email:** hall.d.liam@gmail.com
Portfolio Site: liam-hall.herokuapp.com   **Github:** github.com/LiamDHall

PROFILE

Experienced in graphics design in clothing manufacturing as well as direct sales and working in a customer-facing role in estate agency, leisure and licensed premises industries. Completed the Code Institute's Full Stack Software Development course. Holds a full UK driving licence and owns a car.

EDUCATION AND ACHIEVEMENTS

Full-Stack Software Development Diploma - Code Institute : Distinction   **May 2020 – June 2021**

Please find the websites and web applications I have created at: https://github.com/LiamDHall
I have gained the following skills and experience in:

Languages: Python, JavaScript JQuery, HTML, CSS including Grids and Flexbox **Frameworks:** Django, Flask
Database APIs: MongoDB, AWS S3 **Testing:** Django TestCase, Manual Testing **Version Control:** GIT, Github

Richard Hale School   **September 2007 – July 2012**

- **A Levels:** Biology - C, Chemistry - C, Mathematics - D.

Achieved the Duke of Edinburgh Bronze Award

PROFESSIONAL EXPERIENCE

GRAPHIC DESIGNER - Rock The Dragon   **March 2020 – Present**

- Manually tested the new company website relaying the issues I found to the company hired to build it.
- Designed and created over 40 logos for dance schools across the UK.
- Converted over 75 logos from image format to vectors with some images only being 50px in height
- Introduced a production system / strategy that increased production by 100% (from 20-25 orders a day to 40-50). This system was more efficient and reduced bottlenecking of certain steps and simplified many processes so anyone could step in and take over the roll.
- Discussed design ideas and concepts with customers over the phone and email.
- Gained an understanding of designing whilst having to consider limitations imposed when using physical media.
- Gained professional proficiency in Adobe Illustrator, Adobe Photoshop, Hotfix Era.

SUPERVISOR - Cinnabar   **June 2019 – February 2020**

- Managed a team of up to 7 people for 11 hour shifts making sure everyone maintained focus and morale.
- Responsible for the bartenders hitting performance targets. Achieved by keeping a log of total sales per weekend shift in a leaderboard with a prize/incentive for the person at the top, at the end of each month.

COCKTAIL BARTENDER - CBK, Rotorua, New Zealand   **May 2018 – May 2019**
COCKTAIL BARTENDER - Scotty's, St Anton, Austria   **Dec 2017 – April 2018**
SUPERVISOR - Cinnabar   **September 2015 – Dec 2017**
COCKTAIL BARTENDER - The Snug   **March 2015 – September 2015**
OPERATIONS MANAGER - Solutions For Property   **August 2014 – March 2015**

- Ran all of the logistics for the plumbing and maintenance services such as time, access, approval of all jobs and placing them on the system tracker to inform the engineers and work men.

LANGUAGES, SKILLS AND INTERESTS

- **Code Languages:** Python, JavaScript, JQuery, JSON, HTML5, CSS and CSS Variables.
- **Skills:** Django, Flask, Balsamiq, Adobe Illustrator, Adobe Photoshop, Adobe After Effects, Smart Cuts, Cutting Master 4, Hotfix Era. Balsamiq Wireframing.
- **Interests:** Freestyle snowboarding, Krav Maga, Digital Art in Photoshop, Landscape Painting, Roller Skating.
